7:30 p.m. Delegation Les McEwan TCMW - Presentation given by Les McEwan summarizing the projects funded, Environment Eco Action Plan Grant of \$35,000 is being applied for. The Lake Winnipeg Stewardship Fund has a coming deadline and he would like a letter of support for this grant detailing what our future commitment will be. Council is not interested in being requested to complete work-in-kind commitments as one large project all in one year, it is better for the work to be spread out between each year, the request for the in-kind-work should be requested with a lot more notice than this past year. The Work-in-kind approval is as important as the Cash approval as it helps the success with the grant proposal. He is requesting a 4 year commitment as the programs are generally for 3 years and he will potentially be applying for next year if not this year. We would like to do a project upstream from Roy Woods, council will work with Les to come up with some places to install a dam.
