**SCHEDULE A TO BY-LAW 07/1898**  
**TOWN OF CARMAN**  
**SPECIAL SERVICES PROPOSAL**  
**FOR GARBAGE AND RECYCLING COLLECTION**

*Pursuant to Subsection 314 of the Municipal Act*

**A. PREAMBLE**

The Town of Carman has undertaken to review the existing special service by-law established to cover the costs for garbage pickup and disposal. The current special service has been in place since 1974. The current costs for providing garbage and recycling services have increased dramatically over the past years due to inflation and more restrictive provincial regulations placed on municipalities for garbage disposal. The Town of Carman has also closed its Class 2 waste disposal ground and has opened a Transfer Station.

The proposed special service by-law will provide taxes on a fairer structure for the charging of this service and will be a user-pay system. The proposal for the various assessment classes is based on projected volume and number of required pickups. The special service levy will more accurately reflect the cost of garbage and recycling services. The updated special service levy will mean the cost of the garbage and recycling costs will be covered through the special service levy and will be paid by the properties in the Town of Carman using this service.

The Town of Carman has implemented a separate by-law that addresses any issues whereby garbage and recyclables are allowed to accumulate instead disposing in the proper manner.

**B. DESCRIPTION OF PROPOSED SERVICE**

The Town of Carman currently employs staff that provides this service to the ratepayers of the Town of Carman. It is proposed that the staff will provide a weekly pick up of garbage to residential properties and curbside recycling collection on a bi-weekly basis. The ratepayers also have the use of the Recycling Depot 24 hours a day, 7 days a week. This residential pick up will be provided to all properties in the Town of Carman that have a building or improvement assessment on the tax roll at a flat rate tax.

The Town of Carman staff will also provide the pick up of commercial garbage and recycling material. It is proposed that a flat tax will also be provided for this service, however Council is prepared to have its staff complete these pick ups as often as is required for the commercial business up to six times per week. It is proposed that there shall be established a flat rate for 0-2 weekly pick ups; 3-4 weekly pick ups and 5-6 weekly pick ups for garbage collection. This applies to the pick up of recycling material as well and Council is prepared to provide as many pick-ups as necessary to provide the necessary service to the commercial properties in Carman. This flat rate will also be

charged to all commercial properties in the Town of Carman that has building or improvements on their tax bill.

**C. AREA OF MUNICIPALITY TO WHICH THE SERVICE SHALL BE PROVIDED**

This service shall be provided to all properties within the Town of Carman whether they are residential, commercial, exempt or institutional providing there is building or improvement assessment on the roll number. Any property that is improved or developed throughout the time frame of this Special Services Proposal shall be added and the flat rate tax shall be collected on that property commencing from the year the improvements are made.

**E. PROPOSED METHOD & RATE USED FOR CALCULATING SPECIAL SERVICE TAX**

The method for calculating the special service tax will be a per parcel rate on all taxable, grant-in-lieu and otherwise exempt property, excluding railway property and vacant lots, within the Town of Carman.

The Town of Carman reviewed the current funds being raised through the garbage levy and made a recommendation to charge the following per parcel schedule for the special service taxes:

Multi Residential (Class 20 more than 4 dwelling units) - \$30.00/unit/year (2 bag per week limit)

The Town of Carman has placed a limit on the number of garbage bags allowed per week in this \$52.00 base charge. Each residence in the Town of Carman is allowed to dispose of two (2) bags of garbage per week. Any bags over this limit will require a bag tag at a cost of \$2.00 per tag.

Category 1: 0 - 2 pick ups per week - \$30.00  
Category 2: 3 – 4 pick ups per week - \$60.00  
Category 3: 5 to 6 pick ups per week - \$90.00

Commercial properties must tag all bags of garbage. Tags will be given out to Commercial properties using the following method of distribution:

Category 1 collection (0-2): 2.3 bags per week or 120 bag tags  
Category 2 collection (3-4): 4.6 bags per week or 240 bag tags

**SCHEDULE A TO BY-LAW 07/1898**  
**TOWN OF CARMAN**  
**SPECIAL SERVICES PROPOSAL**  
**FOR GARBAGE AND RECYCLING COLLECTION**  
*Pursuant to Subsection 314 of the Municipal Act*

**A. PREAMBLE**

The Town of Carman has undertaken to review the existing special service by-law established to cover the costs for garbage pickup and disposal. The current special service has been in place since 1974. The current costs for providing garbage and recycling services have increased dramatically over the past years due to inflation and more restrictive provincial regulations placed on municipalities for garbage disposal. The Town of Carman has also closed its Class 2 waste disposal ground and has opened a Transfer Station.

The proposed special service by-law will provide taxes on a fairer structure for the charging of this service and will be a user-pay system. The proposal for the various assessment classes is based on projected volume and number of required pickups. The special service levy will more accurately reflect the cost of garbage and recycling services. The updated special service levy will mean the cost of the garbage and recycling costs will be covered through the special service levy and will be paid by the properties in the Town of Carman using this service.

The Town of Carman has implemented a separate by-law that addresses any issues whereby garbage and recyclables are allowed to accumulate instead disposing in the proper manner.

**B. DESCRIPTION OF PROPOSED SERVICE**

The Town of Carman currently employs staff that provides this service to the ratepayers of the Town of Carman. It is proposed that the staff will provide a weekly pick up of garbage to residential properties and curbside recycling collection on a bi-weekly basis. The ratepayers also have the use of the Recycling Depot 24 hours a day, 7 days a week. This residential pick up will be provided to all properties in the Town of Carman that have a building or improvement assessment on the tax roll at a flat rate fee.

The Town of Carman staff will also provide the pick up of commercial garbage and recycling material. It is proposed that a flat fee will also be provided for this service, however Council is prepared to have its staff complete these pick ups as often as is required for the commercial business up to six times per week. It is proposed that there shall be established a flat rate for 0-2 weekly pick ups; 3-4 weekly pick ups and 5-6 weekly pick ups for garbage collection. This applies to the pick up of recycling material as well and Council is prepared to provide as many pick-ups as necessary to provide the necessary service to the commercial properties in Carman. This flat rate will also be

charged to all commercial properties in the Town of Carman that has building or improvements on their tax bill.

Any property that is improved or developed throughout the time frame of this Special Services Proposal shall be added and the flat rate fee shall be collected on that property commencing from the year the improvements are made.

The method for calculating the special service tax will be a per parcel rate on all taxable, grant-in-lieu and otherwise exempt property, excluding railway property and vacant lots, within the Town of Carman.

The Town of Carman reviewed the current funds being raised through the garbage levy and made a recommendation to charge the following per parcel schedule for the special service taxes:

The Town of Carman has placed a limit on the number of garbage bags allowed per week in this \$52.00 base charge. Each residence in the Town of Carman is allowed to dispose of two (2) bags of garbage per week. Any bags over this limit will require a bag tag at a cost of \$2.00 per tag.

**F. SUMMARY**

It is Council's intent with the passing of this by-law to make this service paid by those using it. With this proposal there is a shortfall, however Council hopes to incorporate efficiencies over the term of the plan that will help to reduce this deficit.

This proposed special service will cover the period of 2007 to 2012 inclusive.

Respectfully submitted,

Cheryl Young CMMA  
Chief Administrative Officer  
Town of Carman
