Pickleball was created with one thing in mind: fun. It was designed to be easy to learn and play whether you're five, eighty-five or somewhere in between. Pickleball is traditionally played on a badminton-sized court with special Pickleball paddles. The ball used is similar to a wiffle ball, but slightly smaller. The lower net and wiffle ball allow the game to be accessible to people of all ages and abilities, while still allowing more competitive players to test their mettle. Give it a try!
