**THE RURAL MUNICIPALITY OF DUFFERIN
REVISED WATER RATES
BY-LAW NO. 1793**

Overview

By this Order, the Public Utilities Board (Board) approves the Rural Municipality of Dufferin's (R.M.) application for revised water rates as of April 1, 2006.

The increase in the commodity rate from \$7.35 to \$7.85 per 1,000 gallons allows the R.M. to recover a \$0.50 per 1,000 gallons increase in the cost of water purchased from the Pembina Valley Water Co-op (PVWC).

Application

The R.M. operates a water utility and on April 21, 2006 applied to the Board for approval of an increase in the commodity rate from \$7.35 to \$7.85 per 1,000 gallons to recover a \$0.50 per 1,000 gallons increase in the cost of water purchased from the PVWC.

The minimum quarterly bill for a residential customer will rise from \$31.05 to \$32.55.

Details of the R.M.'s application were published and posted in the area with an invitation for the public to write the Board with comments by June 2, 2006; no comments were received.

Board Findings

Having reviewed the R.M.'s application and noting that the proposed increase is attributable to an increase in the cost of water purchases, the Board concludes that the increase is necessary to preserve the financial integrity of the R.M.'s utility, and the Board will approve the increase for water consumed on and after April 1, 2006.

IT IS THEREFORE ORDERED THAT:

1. By-law No. 1793 of the Rural Municipality of Dufferin BE AND THE SAME IS HEREBY APPROVED subject to amendment on second reading to agree with Schedule "A" attached hereto;
2. The water rates set forth in Schedule "A" hereto shall apply to all customers of the utility effective on all water consumed and on all minimum bills effective on the next billing in the normal course after the date of this Order.

Fees payable upon this Order - \$150.00
