Address Numbers Help in Emergencies!!

Your address number can be the difference between life & death! If you need emergency services at your home or business, you want them to find you as fast as they can. It is **important that YOU know your civic address and road number.** The two things in combination will help emergency services find you. Rural or Urban, the number assigned to your house/yard may be the same as another house/yard number, however the **Road or Street** is what distinguishes you from someone else. Let us help you help firefighters and paramedics arrive in a timely manner in the event of an emergency.

Please ensure your civic address # and Road # (e.g., 33014 Road 28W) is clearly visible to all at the end of your driveway/approach. **Ensure YOU are able to be found in your time of need! It just might save a life!**
