

EMERGENCY NOTICE

**Your water will be interrupted and
shut off on**

Wednesday, July 8, 2020

At 9:00 a.m.

to install the new water line.

The water will remain off until the work is complete.

Sorry for the inconvenience!

- If you have an electric hot water tank, turn the appropriate breaker off.
- If you have a natural gas hot water tank, turn dial to pilot.
- The Town of Carman will not be held responsible for any damage to hot water tanks due to water disruption.

Town of Carman Water Main Upgrades

Installation of the new water line on July 8, 2020 will cause the shut off of the water in the South East portion of Carman's distribution system. Distribution depressurization can compromise the safety of the water supply; therefore, a precautionary boil water advisory will be issued at 9:00 a.m. to ensure public health protection.

Any person receiving this notice is included in the precautionary boil water advisory. Until further notice, all water used for consumption should be brought to a rolling boil for at least one minute before it is used. The precautionary boil water advisory will remain in effect for a minimum of 72 hours. Please check the Town of Carman website www.carmanmanitoba.ca to determine when the precautionary boil water advisory has been lifted following this time frame.

If you have any questions, please contact the Water Plant at 204-745-2481 or the Town of Carman office at 204-745-2443.

Thank you for your patience.

(see back for public notice)
